## WORK EXPERIENCE

---

**Blinto LLC** — Dhaka, Bangladesh | **UI/UX Designer** | Mar 2025 – Present

- Delivered 10+ projects for national and international clients, mostly USA-based websites, most approved without revisions, by running client interviews and prototyping in Figma.
- Earned praise from the client and members of **JCI Dhaka Founders**, an organization of **70+ company CEOs**, by designing the website (25+ unique screens) and writing the content for every page.
- Kept designs consistent and technically feasible across projects by building project-specific design systems in Figma and working with 6+ developers, 2 PMs and a content writing team.

**Freelance** — UI/UX Designer | 2025 – Nov 2025

- Designed the full UI for **2 mobile apps** (car wash, vehicle tracking) for a local and an international client.

**Vivasoft Limited** — Banani, Dhaka | **Associate UI/UX Engineer (Intern)** | Jul 2024 – Oct 2024

- Built professional team-workflow skills alongside 6-7 UI/UX designers by joining their review cycles and applying senior feedback to improve layout and flow on practice projects

## PROJECTS

---

**JCI Dhaka Founders** — Website for a network of 70+ CEOs ([jcidhakafounders.com](https://jcidhakafounders.com))

- Designed 25+ unique screens plus function pages and wrote all page content.

**Nifty IT Solution** — 3 brand websites: Nifty IT, Nifty AI, Nifty Bookkeepers ([niftyitsolution.com](https://niftyitsolution.com))

- Replaced dated visuals and poor UX by redesigning 3-4 key pages for each of the 3 websites in Figma.

**Mitsucap** — Equipment lease & finance company, Houston, TX (in progress - [mitsucap-homepage.vercel.app](https://mitsucap-homepage.vercel.app))

- Modernizing the old multi-page B2B website by redesigning it page by page; more pages are in design.
